

Adjustment of fees for 2023

Dear Sir/Madam

We are in the midst of checking our invoiced fees for children in preschool and leisure time centers. As the fee is based on the stated household income, we compare this with the information on file with the Tax Agency. The income you have indicated for your household for the 2023 income year does not agree with the information for your household that is on file with the Tax Agency. The fee you paid was too low, based on your assessed income. Your fee for your child(ren) in preschool and/or leisure time centre for 2023 will therefore be retroactively adjusted.

The adjusted amount will be retroactively charged on your current invoice. Any regular invoicing will not be affected. If you have children both in preschool and at a leisure time centre, the retroactive adjustment will be invoiced on separate invoices.

Keep your income information updated

In order to avoid future retroactive charges, please check that you have submitted the correct income information for your household. You can do this most easily via the e-service at forskola.stockholm or grundskola.stockholm. You can also download an income form if you do not have access to e-service.

Questions about fee adjustments

Call the Stockholm Contact Centre at 08-508 11 550 with any questions you may have about this fee adjustment and the invoice. You can also read more about how the fee and your income are calculated, by visiting forskola.stockholm or grundskola.stockholm

If you would like to submit a new information form, or you wish to correct information regarding this adjustment, please contact us at 08-508 11 342.

Faithfully yours
